Seafood Restaurant  
& Beach Bar

The hotel has taken all necessary and established preventive measures. Among them guests must

- wear a mask in all public areas of the hotel (except the beach). You can skip the mask in the pool water
- wear a mask in the restaurant until you are sitting at your table. Replace it when you get up from the table.
- keep mandatory distance of 2 meters anywhere including pool and sea water
- if you want to be present during apartment service or repairs, you must put on a mask
- If you DO NOT want the staff to enter the apartment during your stay, notify the reception to suspend the daily cleaning service. Also use the “do not disturb” sign available in the apartment.
- **REMINDER: WASHING YOUR HANDS FREQUENTLY IS THE MOST EFFECTIVE FOR PREVENTION !!!!**

### ELECTRONIC KEYS

To open the door, swipe the card in front of the lock or in front of the black plate (ground floor): the lock opens for 5 seconds and then automatically closes again.

On the ground floors, internally there is a plate that opens the door just by touching it (the key is not necessary): verify that the curtain of the window does not make contact because this would open the door and, if continuous, may cause a damage.

For your security the key does not have a room number. In case of loss we regret having to charge RD \$ 100 for the electronic plastic, but there is no danger: at the reception it will be easily canceled and replaced by another.

The same key is necessary to activate the electrical energy. Insert it in the plate next to the door. When you remove the key, you will have 15 seconds of light to leave your apartment. The fridge however will NOT be disconnected.

**Electronic devices (smartphones, TV etc.) can deprogram keys. Keep the keys away from them.**

### PETS

Only small pets (Chihuahua type) are accepted. The owner is responsible for the general cleaning and collection of waste, either inside the apartment or in public areas.

The complete regulation is attached at the end of this brochure.

### LAUNDRY

The laundry service is open in the morning. In the apartment you will find the list to send clothes to the laundry. Fill the list with quantity and type of pieces and call the reception to be picked up. Clothes are received only until 12 noon and will be returned the same day before 5.00pm

### SAFE

The safe service is included in the accommodation rate. We have 2 types with different operation way:

Light color box:

- type a 4-digits number and press # - Those 4 digits will be the code to open (without #).

Black box:

- program new code: press the red button that is inside, on the side of the door, enter 4-8 digits then # (e.g.: 0123456#)

- close manually. To open type: # 4-8 digits # (e.g: #123456#)

## POOL AND BEACH TOWELS

The pool does not have a closing time, but you must respect the tranquility of all guests if you use it at night. Bathing at night is more risky than daytime, so it is not recommended.

**Children must be CONSTANTLY supervised by an adult.**

## FOR SECURITY REASONS PERSONAL ALCOHOLIC DRINKS PROHIBITED IN THE POOL AREA

### PRIVATE MUSIC DEVICES ARE PROHIBITED IN THE POOL AREA

You will find colored beach towels in your apartment. Only these ones can be removed from the apartment to the beach or pool and must be returned to the apartment before check-out. Like those in the bathroom, if they are thrown on the floor, the maids will replace them with clean ones.

### Diving from the edge of the pool prohibited

**Do not hog deckchairs. When you don't use them, leave them free for others.**

## TELEPHONE

Call another apartment:        7 + apartment number

Recepción: 0

Do not disturb: Function 85 - Cancell Do not disturb: Function # 85

Ask for your wake up call to the reception, verifying that you have not left the "do not disturb" activated.

National or international calls have to be done from the reception

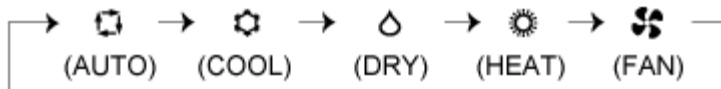

- Rep. Dom:    - Price RD\$ 10 per minute
- USA :        - Price RD\$ 20 per minute
- Europe: -    - Price RD\$ 50 per minute

## AIR CONDITIONING

Check on the remote control to have correctly selected the mode you really need: only the snowflake indicates that the airconditioner is cooling

Press MODE to select operation mode. Each press changes mode in the following order:

## CHECK OUT

Please, upon your arrival, report any anomaly that the staff may not have revealed. On departure you are responsible for any damage that occurs during your stay.

The check-out time is 1.00pm. If you want to stay longer, ask at reception: if the apartment is not reserved, they will gladly authorize you to leave later, up to 4:00 pm maximum, at no additional cost.

On the day of departure you must verify and pay the bill for any extra charge during the morning before 11.00am. It is not possible to charge tickets on the room account the day of departure.

Due to the complexity of the apartment, notify 15 minutes before leaving, to have time to carry out check-out controls

**On departure it is mandatory to bring all the keys to the reception, confirm the delivery of the apartment and verify the account balance.**
